INTRODUCTION

Currently, I am pursuing B. Tech Computer Engineering degree in 2nd year at Birla Vishwakarma Mahavidhyalaya, Vidyanagar. Recently, I have completed Hactoberfest 2025 which is global level event organized by DigitalOcean and achieve Super contributor Rewards and T-shirt. I have planted a tree that also my contribution. I have attended many seminars and webinars in my college and learnt about career objectives.

EXPERIENCE

BVM ML CLUB

Member of Club / 2024

- I am a Tech Member of Machine Learning club. I often call ML expert via Linked in. Sometimes, I also take seminars on python libraries.
- I learn many things by joining this club that communication, organization & team work.

TIC TECH TOE HACKATHON

BACKEND DEVELOPER / 2025

- I learnt how to do project & how work together. In this project, we make an AI Chatbot. Outcome of this event, I can implement backend using SQL in simple projects.

TECHNICAL SKILLS

GIT & GITHUB
